

# Senior Agribusiness Analyst

THE  
ANDERSONS  
CENTRE

## JOB OVERVIEW

- ✓ A role in our Business Research team providing advice and economic analysis on issues facing the food and farming sector
- ✓ We are looking for a candidate with ideally 5+ years' post-graduation experience
- ✓ The job involves managing and delivering research services related to economic and other policy issues to clients, including bulletins, books, presentations, seminars and commissioned research projects
- ✓ We have a growing workload. You will support the existing team to deliver research projects, including within the environmental sphere, and will be supported to develop your own client base over time

## ABOUT US

- ✓ The Andersons Centre (see [www.theandersonscentre.co.uk](http://www.theandersonscentre.co.uk)) has been delivering high-quality advice to the farming sector since 1973.
- ✓ The Andersons Centre is unique in combining practical on-farm advice alongside industry-level analysis from our Business Research team.
- ✓ We publish both the Nix Farm Management Pocketbook and the Agricultural Budgeting & Costing (ABC) Book.
- ✓ We operate throughout the UK, Ireland and beyond.

- ✓ We are one of the UK's most well-known and highly respected agricultural consultancies.

## ABOUT YOU

- ✓ A 2:1 or above in an economics, business management, environmental economics or another business research discipline that has an agricultural focus.
- ✓ Ideally, 5+ years of proven consultancy, advisory, or analytic experience in the agricultural sector. Exceptional candidates with less experience are also encouraged to apply.
- ✓ Strong numeracy and English (speaking and writing) skills are crucial
- ✓ Advanced analytical and problem-solving skills, with the ability to translate technical insights into actionable advice.
- ✓ A high level of IT competency, including MS Office applications
- ✓ Mature and developed communication skills; verbally and electronically with the ability to engage with and present to a range of audiences
- ✓ Grit and determination to succeed
- ✓ The ability to work as part of a team but also to work under your own initiative
- ✓ Ability to prioritise and balance multiple projects and work to tight deadlines
- ✓ The right to work in the UK

## MAIN TASKS

- ✓ Managing and delivering research projects and contracts with an agricultural economics focus – information gathering, data analysis, writing reports and making recommendations
- ✓ Supporting colleagues in the delivery of projects, providing input and practical recommendations to clients
- ✓ Monitoring research and industry developments in the farming sphere and communicating the implications for the agricultural industry
- ✓ Researching and writing for the ABC and Nix costings books
- ✓ Contributing to writing bulletins and regular reports
- ✓ Preparing and delivering presentations
- ✓ Developing business contacts, helping to win work, writing tenders, and growing your own client base and business portfolio
- ✓ Promoting The Andersons Centre brand across the farming, food and environmental sectors

## BENEFITS

- ✓ A competitive salary depending on skills and experience
- ✓ A discretionary annual bonus determined by company profits and personal performance
- ✓ Workplace pension
- ✓ 20 days holiday rising to 25 days after 5 years' service plus bank holidays
- ✓ Opportunities for rapid development subject to achieving targets
- ✓ Diverse and interesting work across a range of sectors and businesses with the opportunity to build a strong network of industry clients and own client base
- ✓ The role is based at our Melton Mowbray office, with scope for hybrid-working

## WHAT NEXT?

- ✓ To apply please send your CV and a covering letter explaining why you are the right person for this role along with your salary expectations.
- ✓ Please email your application to Michael Haverly at [mhaverty@theandersonscentre.co.uk](mailto:mhaverty@theandersonscentre.co.uk)
